Subject: Expressing intent to participate in e-Yantra Farm Setup Initiative (eFSI)

Dear Sir/Madam,

We understand that the MHRD funded e-Yantra project has created know-how for developing a test bed for agriculture automation. We have setup a robotics lab under the e-Yantra Lab Setup Initiative (eLSI) and eligible for transfer of this know-how.

In order to achieve this, **e-Yantra will provide** the following:

1. A model/structure outlining how we will start this initiative in our college"
2. Information on the components required for setting up the test bed
3. Required initial training to get started with the agriculture test bed

On our part the college will commit the following resources:

1. Identify a teacher coordinator who will supervise this project.
2. Provide space either outdoor /indoor / terrace and support staff.
3. Allocate funds as a starter grant – seed money amount of Rs.25,000(only) to initiate this project in our college.

Sincerely,
